

Northern Lights School

LITTLE DIPPERS

Parent and child can experience the Northern Lights School and community through Little Dippers, a place where children age birth to three play together and parents support one another.

The teacher guides the children and parents through seasonal songs, finger plays and puppetry. While children play, the parents work with their hands creating simple toys. We bake bread, share snack and enjoy conversation as well as quiet time to observe each child. The children begin their imaginative journey at Northern Lights while parents provide gentle guidance.

Class is by enrollment only.

If you have any questions, please call Miss Vannesa at 891-1195.
